

Accessing your child's Google Classroom Accounts

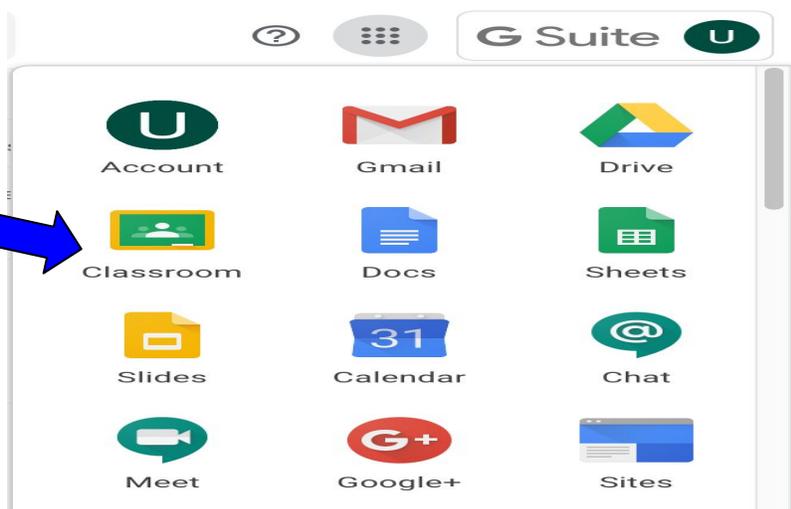

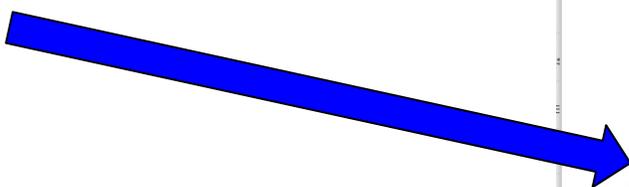

In order to access Google Classroom, you will need to have already set up your child's @middletp.k12.nj.us email address. [Click here to set up the email address.](#)

1. Log into your child's gmail account and click on the three dots to the left of G-Suite.

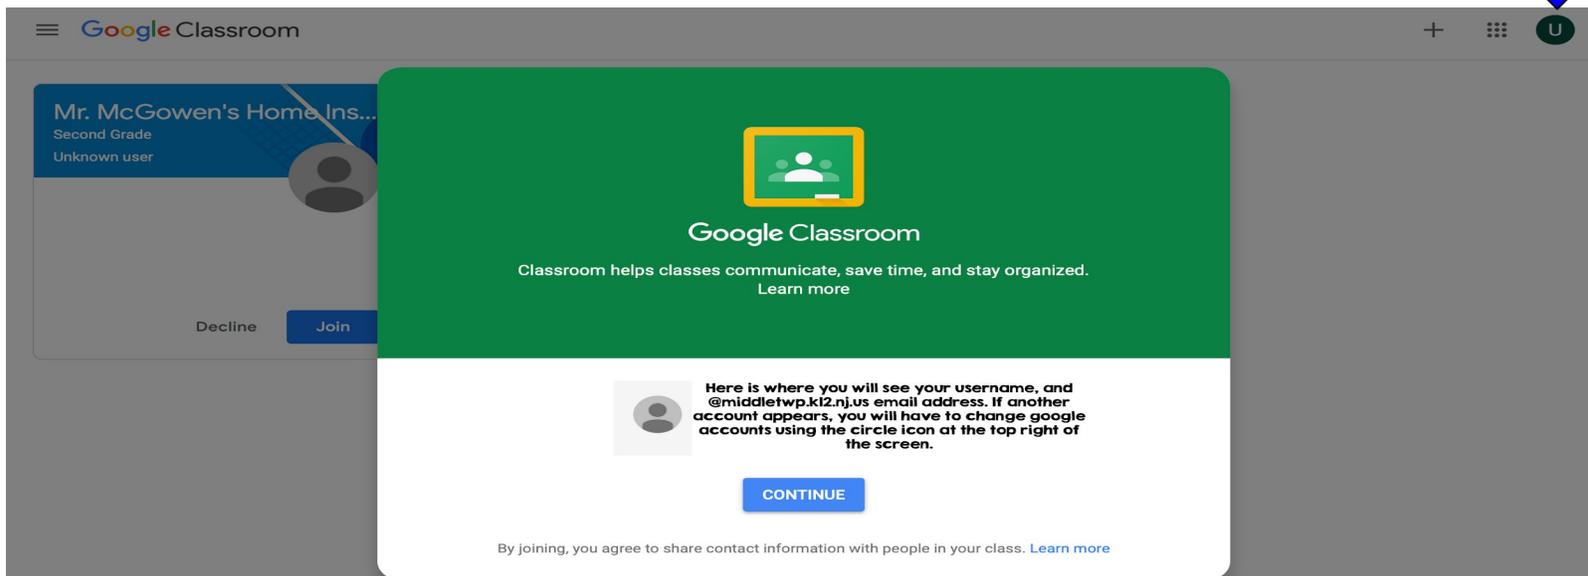

2. Choose "Classroom"

Google Classroom is an interactive tool that will allow us to post announcements, videos, assignments, and web links all in one direct location!

3. Joining the correct class.

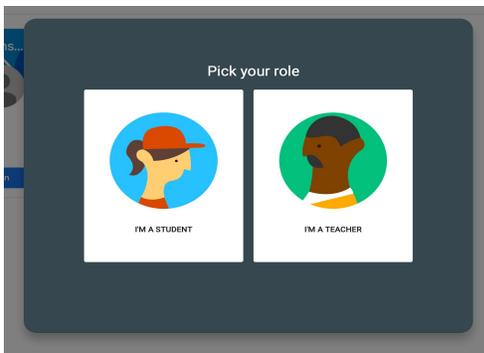

This screen will appear. You will click **CONTINUE** if your student's name and @middletp.k12.nj.us email address appears. If it does not, then click the circle in the top right corner and change accounts. Then click **CONTINUE**

Accessing your child's Google Classroom Accounts

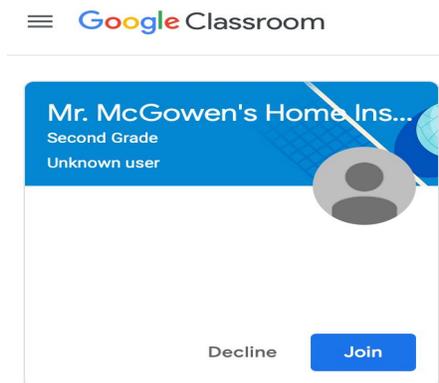

4. Choose your role.

You will select, "I AM A STUDENT"

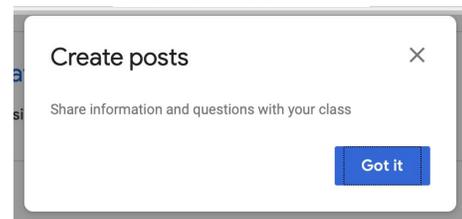

5. You will choose

Join

6. Follow prompts choosing

Got it

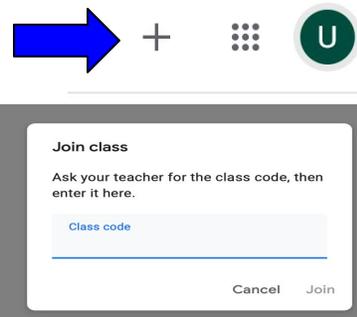

7. You now have full access to Google Classroom as a student and parent view.

If you did not have access to a classroom through the steps above, you should contact your child's teacher for their classroom code and follow the step below.

To be completed in the classroom section of google.

(See step 2 on how to access from email.). To add a code you will press the plus arrow at the top right of the screen and then enter the code in the box similar to below.

YOU MADE IT INTO GOOGLE CLASSROOM!

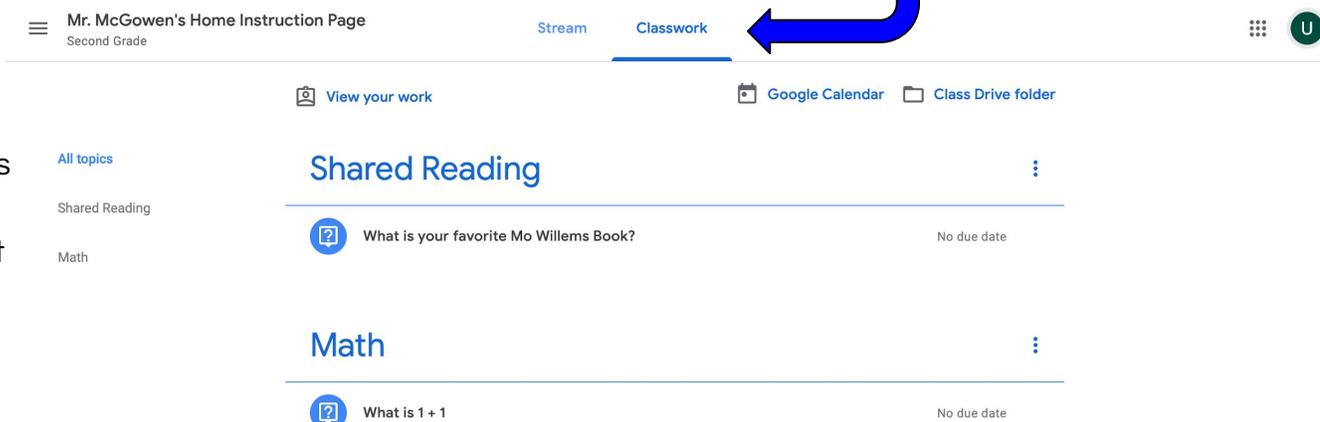

This is the homepage of google classroom!

Announcements will appear here! Also, any links to classwork will appear here!

Accessing your child's Google Classroom Accounts

This is where Classwork is posted!

All classwork is posted under topics and will flow each day an assignment is posted!

Resources for each subject can be found under each topic. *Topics will only appear as your teacher creates them!

Viewing your work and class resources!

Any work you have completed or are working on is AUTOMATICALLY saved and stored in the assignment itself and in this section here.

Any resources posted in the stream, or classwork can also be found under "The Class Drive Folder"

You are all set to get ready to use google classroom! After you are connected, your student's teacher can connect you via your preferred email to monitor daily activity, see assignments, and communicate within Google Classroom!
